

Champion Wrestling Stats 5.4.2 update instructions

Note: This update requires *Champion Wrestling Stats* version 5.3 or later be installed on the desktop computer.

Go to our website at www.pes-sports.com. Click on Downloads. Scroll down to *Champion Wrestling Stats*.

Download the file named **cws542update.exe** to a known location.

Execute the update by double clicking on the file you saved.

You may be prompted with a security warning that the publisher could not be verified. Click **RUN** and take all of the defaults to install the update.

After the update is finished open *Champion Wrestling Stats* on your desktop computer and verify that you are now using version 5.4.2.

Pocket PC/Windows Mobile handheld users

Step 1 – Install *Champion Wrestling Stats* – CWS Matside or CWS Seeding

- From the **Start** menu, select **Start | Programs | Champion Wrestling Stats | Install CWS Matside on Pocket PC** or **CWS Seeding on Pocket PC**.
- Please follow the on-screen instructions taking all defaults to install the software.
Note- This step assumes that your desktop computer already has Microsoft ActiveSync software installed. This software came with your Windows Mobile handheld.
- After completing the above steps, *Champion Wrestling Stats* will be installed on your Pocket PC handheld.
- You can run this program on your handheld by tapping **Start | Programs | CWS Matside** or **CWS Seeding**.
- The first time you run the application on your handheld, you will see a **REGISTER** button. Tap this button and e-mail cotterk@pes-sports.com with the **DEVICE ID** that is presented to you.

We will promptly reply with your registration unlock code. To expedite this process, please include Program Name, Name, School, District, City and State so that we can properly identify you in our database as a licensed user. Additional codes need to be purchased if you wish to install on multiple handhelds.

Step 2 – Installing *Champion Wrestling Stats* Pocket PC Conduit

You **must** also install the *Champion Wrestling Stats* Pocket PC conduit software. This allows the Pocket PC to communicate with *Champion Wrestling Stats* desktop application.

- To install this software, select **Start | Programs | Champion Wrestling Stats | Install Pocket PC Conduit**. No other applications should be running at this time!
- You should now be ready to use your Pocket PC/ Windows Mobile handheld with *Champion Wrestling Stats*. Please follow instructions provided with the manual.

Palm OS users users
(see other side)

Palm handheld users

Step 1 – Install *Champion Wrestling Stats* - CWS Matside or CWS Seeding

- From the **Start** menu, select **Start | Programs | Champion Wrestling Stats | Install CWS Matside on Palm** or **CWS Seeding on Palm**.
- This will activate the **Palm Install Tool** and the file **CWS-Matside.prc** or **CWS-Seeding.prc** will appear in the list of files to be installed with your next hotsync.
- Close this screen, make sure your Palm handheld is properly connected and activate Hotsync.

Note- The above steps assume that you already have the Palm desktop software installed that came with your Palm handheld.

Step 2 – Activate Hotsync to sync the application to your Palm handheld

- After your hotsync, *Champion Wrestling Stats – Matside Entry* or *Champion Wrestling Stats – Seeding Meeting* will appear on your handheld as an icon named **CWS-Matside Install** or **CWS-Seeding Install**. If you have trouble locating these icons, make sure the selection in the upper right corner of your Palm handheld indicates **ALL**.
- During installation, if you encounter a message that a file already exists, tap **Replace All**.
- The first time you run the application on your handheld, you will see a **REGISTER** button.
- Tap this button and e-mail us cotterk@pes-sports.com with the **DEVICE ID** that is presented to you

We will promptly reply with your registration unlock code. To expedite this process, please include Program Name, Name, School, District, City and State so that we can properly identify you in our database as a licensed user. Additional codes need to be purchased if you wish to install on multiple handhelds.
