

The Wrestling Tourney

Version 7.4.03

Updates features:

New federation weight class division is included. Old weight class divisions remain.

All reports including brackets can print directly to PDF

Import / Export via single file

New Online Entry portal for *The Wrestling Tourney On-Line* located at www.TheWrestlingTourney.com. Tournament managers will have to register again in order to use the new Online Entry portal.

No change to data file structure so all 7.x versions can update and use current tournament data.

Tournament results can now be uploaded to www.TheWrestlingTourney.com so brackets and reports can be generated and viewed online by coaches, parents, fans etc..

Existing tournaments can be easily uploaded to www.TheWrestlingTourney.com.

Documentation for Tournament Managers, Coaches, and Viewers can be found at www.TheWrestlingTourney.com and clicking help. Tournament managers will have to register again in order to use the new Online Entry portal.

Web site generation – Still have the ability to generate your own website. Improved look with the ability for brackets as PDF.

Sample export/import files can be located in twt70\export
